Awakon Federal Credit Union Honored with MCUF Community Enrichment Award

Awakon Federal Credit Union is proud and honored to announce that it has been selected as the **Small Asset Size Winner** of the Michigan Credit Union Foundation's (MCUF)**"Community Enrichment Award"**.

This prestigious statewide recognition celebrates credit unions that exemplify the credit union philosophy of **People Helping People** through extraordinary service to their members and communities.

Awakon received the award, in recognition of its response to the devastating March 2025 Ice Storm, that impacted communities throughout Northern Michigan. During the recovery efforts, Awakon provided immediate financial relief to members, supported employees, and opened its branches as places of assistance and support for the community.

In announcing the award, MCUF stated: ***"In the wake of the March 2025 Ice Storm, Awakon Federal Credit Union demonstrated extraordinary compassion and leadership by providing timely financial relief, supporting employees and opening their branches as places of help for the community. Their response reflects the very best of the credit union mission and a true commitment to people helping people."***

"We are incredibly honored to receive this award from the Michigan Credit Union Foundation," said Scott Pauly, President/CEO of Awakon Federal Credit Union. "This recognition reflects the dedication of our employees, volunteers, and leadership team, who are deeply committed to serving our members and communities, especially during times of need. We are proud to be recognized for living out the credit union mission and making a meaningful difference when it mattered most."

The Community Enrichment Award is a testament to Awakon's unwavering commitment to the people and communities it serves. While the organization is humbled by this recognition, it remains focused on continuing its mission of providing financial support, guidance, and hope to members across the region.
